

Dentisan and its parent company are committed to promoting sustainability in all parts of our business and we have a global aim of being carbon neutral by 2025.

Below is a table showing each of the products manufactured and supplied by Dentisan with each product's sustainability credentials listed. By publishing this information we hope we can help dental practices make informed decisions about the products they choose and their environmental impact.

Product	Pack size	ENVIRONMENTAL CREDENTIALS				Made / processed in state of the art, eco sustainable factory in Derby UK
		Concentrate or ready-to-use (RTU)	Contents	Immediate packaging	Outer packaging	

### SURFACE DECONTAMINATION

Biocleanse Ultra	5L	RTU	Disinfectant	Recyclable HDPE	Recyclable card	✓
	500ml	RTU	Disinfectant	Recyclable HDPE	Recyclable card	✓
	Wipes tub	RTU	Disinfectant 100% PP wipes	Recyclable HDPE	Recyclable card	✓
	Wipes refill	RTU	Disinfectant 100% PP wipes	Reduced packaging compared to tub version Mixed materials - difficult to recycle	Recyclable card	✓
Biocleanse Ultra Concentrate	5L	Concentrate	Disinfectant Concentrated	Recyclable HDPE	Recyclable card	✓
DentiFloor Concentrate	1L	Concentrate	Disinfectant Concentrated	Recyclable HDPE	Recyclable card	✓
Dentishield	Various	-	100% PE recyclable	Recyclable card	Recyclable card	✓

### WATERLINES

Bioclear	200ml	RTU	Disinfectant	Recyclable HDPE	Recyclable card	✓
Bioclear Daily	1L	Concentrate	Disinfectant Concentrated	Recyclable HDPE	Recyclable card	✓

### INSTRUMENT DECONTAMINATION

Dentisan 100	1L	Concentrate	Concentrated, uses biodegradable surfactants, preservative free	Recyclable HDPE	Recyclable card	✓
	5L	Concentrate	Concentrated, uses biodegradable surfactants, preservative free	Recyclable HDPE	Recyclable card	✓
Dentizyme	2L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
	5L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
DentiZyme ULTRA	1L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
Neutrasan	1L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
	5L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
Dentifoam	500ml	RTU	Uses natural humectant and biodegradable surfactants	Recyclable HDPE	Recyclable card	✓
Dentimatic	5L	Concentrate	Concentrated, surfactant free	Recyclable HDPE	Recyclable card	✓
Dentirinse	5L	Concentrate	Concentrated, uses biodegradable surfactants	Recyclable HDPE	Recyclable card	✓

### IMPRESSION DISINFECTANT

Dentichlor	200 tablets	Concentrate	Concentrated	Recyclable HDPE Minimal packaging	Recyclable card	✓
------------	-------------	-------------	--------------	--------------------------------------	-----------------	---

Product	Pack size	ENVIRONMENTAL CREDENTIALS				Made / processed in state of the art, eco sustainable factory in Derby UK
		Concentrate or ready-to-use (RTU)	Contents	Immediate packaging	Outer packaging	

### HAND HYGIENE

Replenish	500ml pump	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Recyclable HDPE	Recyclable card	✓
	800ml pouch	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Reduced packaging compared to conventional containers (Uses less than 1/3 of the plastic compared to the 500 ml pump pack)	Recyclable card	✓
Dentigel	500ml pump	RTU	Disinfectant	Recyclable HDPE	Recyclable card	✓
	800ml pouch	RTU	Disinfectant	Reduced packaging compared to conventional containers (Uses less than 1/3 of the plastic compared to the 500 ml pump pack)	Recyclable card	✓
Dentiwash	500ml pump	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Recyclable HDPE	Recyclable card	✓
	800ml pouch	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Reduced packaging compared to conventional containers (Uses less than 1/3 of the plastic compared to the 500 ml pump pack)	Recyclable card	✓
	5L	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Recyclable HDPE	Recyclable card	✓
Dentisure	800ml pouch	RTU	Disinfectant	Reduced packaging compared to conventional containers (Uses less than 1/3 of the plastic compared to the 1L pump pack)	Recyclable card	✓
	1L pump	RTU	Disinfectant	Recyclable HDPE	Recyclable card	✓

### ASPIRATOR CLEANER

Dentiflush	2L	Concentrate	Concentrated, surfactant free	Recyclable HDPE	Recyclable card	✓
	5L	Concentrate	Concentrated, surfactant free	Recyclable HDPE	Recyclable card	✓

### STERILISATION POUCHES

Dentiflush	200 (various sizes)	-	PET/ PP film and paper	Recyclable card	Recyclable card	✓
------------	---------------------	---	------------------------	-----------------	-----------------	---

### AUTOCLAVE CLEANER

Dentibright	500ml	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Recyclable HDPE	Recyclable card	✓
-------------	-------	-----	--	-----------------	-----------------	---

### UPHOLSTERY CLEANER

DentiCream	500ml	RTU	Fully biodegradable formulation containing vegetable derived ingredients	Recyclable HDPE	Recyclable card	✓
------------	-------	-----	--	-----------------	-----------------	---
